

PRE-EMPTIVE PEACE!

If you oppose a U.S. Attack on Iran BREAK YOUR SILENCE

We are demanding that our representatives in Washington stand & speak against U.S. military action directed against the people and nation of Iran.

We have pledged to keep this issue in front of our senators & representatives by calling and/or writing every week until they *actively* step up to their congressional obligations and check the war-making of an executive branch out of control.

NOW IS THE TIME TO USE YOUR VOICE!
